

# DS-016 Display-Shield

## Environmental Systems & Equipment Service

The Display-Shield is designed for protection, daylight viewing and data entry for operator interface panels.

- Rugged molded ABS
- Corrosion/weather resistant
- Protects display from rain, sleet & snow
- Easy mount aluminum adhesive frame
- Shield easily slides in and out of frame
- Available in white and black

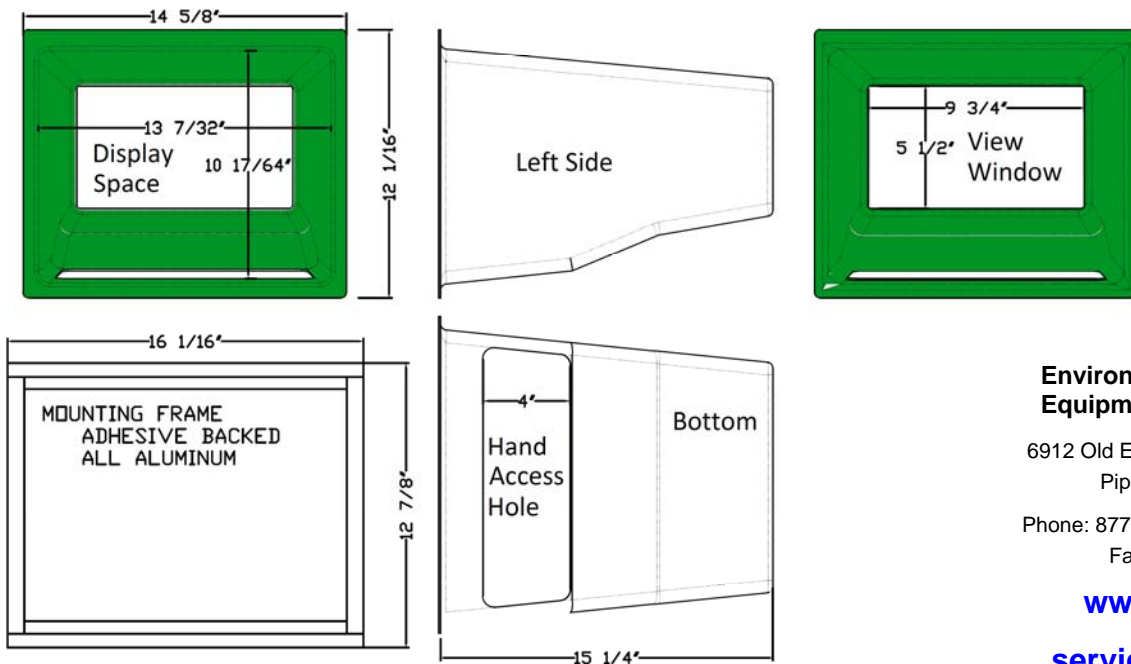

### Specifications:

Model Number in black: DS016BLK  
 Model Number in white: DS016WHT  
 Model Number in white (with edge bumper guard): DS016WHTB

All suitable for up to 16" diagonal or 13" wide by 10.5" high display. Each model above comes complete with easy to mount all aluminum frame.

The DS-016 is the solution for difficult to view outdoor display panels. The patented design reduces glare when viewing in the sun. It's economical, easy to install and provides a clear view of all types of displays in the bright sun. The DS-016 can be easily slipped into place when needed and removed when not required.
